WASTEPOINT 
Doorstep Trash & Recycling Services

How Does It Work?

For apartment, retirement, and student housing communities, you get the reliability of daily trash and recycling pick up with door-to-door convenience. Your tenants experience easy trash pickup without additional cost to you. This no hassle solution provides easy implementation with worry-free capabilities. Our workers are uniformed and background checked for the safety of you and your tenants.

ENVIRONMENTALLY AWARE

Let us help you with your sustainability goals. WastePoint makes green living a reality with our friendly trash removal solutions. With affiliation to the National Apartment Association, WastePoint follows through on its promise of streamlined, convenient, green recycling and valet trash collection services.

Get Compliant - By having a program in place it puts you in a terrific position as new laws and mandates arise in your area.

Contact WastePoint today to discuss collection options!

GENERAL INSTRUCTIONS

- 1) Tie off your trash and recycling liners and leave them in the bins. Break down bulky items.
- 2) Place your trash and recycling bins outside your front doorway by 6 PM Sunday thru Thursday. Cardboard boxes and other items that are too large can be placed next to bins.
- 3) After 11:00 PM your trash and recycling bins will be ready to bring back inside your home. The recycle bins will have new liners in them.

BENEFITS

Providing weeknight (5 nights a week) doorstep waste and recycling collection services, WastePoint uses revolutionary collection and management methods to process your waste and recyclables. Our programs are designed to help you attract quality prospects, improve residential retention, and boost your bottom line. There is absolutely no cost for the property owner or manager.

For your residents, there will be no more carrying loads of trash to the dumpster or having them drive to the dumpster with the trash in their car. We save your maintenance staff hours of spending their time on trash clean up everyday. Taken together, it's an all around win-win for property managers, owners and residents!

EXPERIENCED SERVICE

With well over a decade experience in the waste and recycling industries, WastePoint is uniquely positioned and qualified to assist you in determining the right strategy for your community.

WORRY FREE RECYCLING

Your tenants can recycle paper/cardboard items, plastic and metal within the following categories:

PAPER:

Office paper, window envelopes, magazines, paper back books, phone books, brown paper bags, food and detergent boxes, paper egg cartons, cardboard soda cartons, corrugated boxes, cereal boxes.

PLASTIC:

Only containers with recycling symbols for number 1-7.

METAL:

Aluminum, tin, and steel containers.
